Ann Arbor Camera Club Events in June:

The June 3rd meeting will be held in the Media Center of Forsythe Intermediate School
1655 Newport Road, Ann Arbor.
Meetings are free and open to the public.

Tuesday, June 3, 2008, 7:30 PM

“Members’ Exhibits ”

As there is only one meeting this month, it will be devoted to showing both slides and prints.
This month’s assignment is Sunrise/Sunset.

Tuesday, June 17, 2008, 6:00 – 10PM

“Summer Picnic”

Come and celebrate the beginning of summer (three days early) at the Annual Ann Arbor Camera Club's Summer Picnic at Gallup Park in the new concrete picnic shelter located at the end of the parking area off of Fuller Dr. (It is the first shelter you come to, and the one you came to for last year’s picnic.) The club will provide charcoal and paper products. Please bring a dish to pass, your own beverages, and your own meat for grilling.
Beer and wine are allowed, but no glass containers.

Notice:

The AACC board has proposed raising our dues to \$25 per year. A Life Membership will be raised to \$150. The new rates will apply to members who pay their yearly dues, or get life memberships, after September, 2008.

In accordance with our bylaws an announcement of the proposed increase was made at the May 20, 2008 meeting and will be voted on at the June 3 meeting. A simple majority vote by those in attendance on June 3 is needed to pass this proposal.

The reasons for the proposal are that costs have gone up since our last dues increase and also we would like to have enough money to produce an occasional issue of the *Wide Angle News* in color..

Exhibit

Paul Outerbridge Color Photographs from Mexico and California, the 1950s

The new exhibit at the University of Michigan Museum of Art offsite runs **from June 14 – September 7**. Thematically Paul Outerbridge’s images evoke the tradition of photographers Edward Weston, Paul Strand and Henri Cartier-Bresson while his bold patterns presage the development of color photography as a new aesthetic medium. **UMMA off-site is at 1301 South University**

So many great photographs; so little space. What's an editor to do? There is not room to print all 35 winning photographs so some limits must be observed. Every winning photographer has one picture printed in this issue. The dimensions, color combinations, and subjects determined the selection and placement of the photographs on various pages. Precedence of placement went to photographers whose work has not been published in previous issues of the *Wide Angle News*.
